

(version 3, 17.5.18pm)

## **On 25th May 2018 a new General Data Protection law comes into effect in the UK.**

In brief, we must:

1) Tell you on what lawful basis we are collecting, storing and processing personal information of the Guildford UHF Repeater Group's members.

*In fact we hold only the name, callsign, address, and possibly the phone number and email, of each member; plus a record of subscriptions paid and donations made to the Group.*

2) Let you know who to contact to find out what data we store, amend that information or request deletion.

*Contact the Group's secretary, Alex Morris, G6ZPR, for this information: QTHR, and tel 01483 892348, email morris.alex@btconnect.com .*

3) Keep your data as secure as is feasible.

*The Group's membership data is kept in paper form and on computer by the Group's secretary, and is available on request only to the Group's elected committee members when and if required for administrative reasons. Our system is far more secure regarding those licenced amateurs whose names, callsigns and addresses are published in the RSGB yearbook.*

4) Ask for your consent if we need to pass your information to a third party.

*We do NOT and will NOT pass on such information.*
